

March 17, 2020

The Facilities Department will be closed Tuesday March 17, 2020 through Friday March 27, 2020 due to the closure decision by the Winnebago Tribal Council. Please be advised that there will be very minimal public services provided during this time to prevent any person to person contamination and to protect all families within the village. There will be essential staff on call for funerals, accounts receivable and accounts payable, cleaning and disinfecting of tribal buildings and emergency repairs and maintenance. There will be a lock box located in the lobby of the Blackhawk Center for any utility bill payments that are due. Please support us in this time as we take precautions for our employees, their families and community members, for everybody's safety we may not provide some services we usually do. Thank you, Facilities Management.
